Who Should Complete this Online Training ...

Earn your written training record for the MIOSHA Part 2 Masonry Wall Bracing Construction Safety Standard in this online training. Effective May 28, 2010, a written training record is required for anyone entering the restricted zone of a masonry wall under construction:

⇒ Any construction trade employee (mason, plumber, ironworker, excavator, etc.)
⇒ Any construction trade professional (inspector, architect, engineer, etc.)

What You Will Learn

The focus of this training will be the MIOSHA rules pertaining to the bracing of unsupported masonry walls exposed to wind during construction. Learn about the MIOSHA standards for working in a restricted zone such as general use and maintenance of wall bracing systems, signage and requirements.

Agenda

⇒ Scope of the amended standard
⇒ Restricted zone requirements
⇒ Proper procedures in the restricted zone
⇒ Evacuation of the restricted zone
⇒ Hazards in the restricted zone
⇒ Acceptable wall bracing systems

Program Details: The Online Advantage

You will have two weeks to complete this online, self-paced training. The online classroom is available 24 hours a day, 7 days a week. Online classes require high speed Internet access. Your instructor-facilitator is an experienced online educator and industry professional.

Upcoming Sessions

Fall 2011:  ⇒ October 11  ⇒ November 8  ⇒ December 6
Winter 2012: ⇒ January 10  ⇒ February 14  ⇒ March 13  ⇒ April 10

A schedule of additional dates are available on the LifeLong Learning web site:
